

### 8 JAN

Digital Design, Embedded Software Development, Broadcast Technology  
Industrial Electronics, IP development & protection

### 22 JAN

Analogue Design, Micros, Power, Artificial Intelligence  
CES Review, Technology Watch  
**Mobile World Congress Preview**

### 12 FEB

Interconnect, RF & Microwave, Communications Test, Embedded Systems Special,  
**Embedded World Preview**

### 26 FEB

Directives & Standards, Board Level Technology, Medical Electronics, Small Business Focus, Robotics

**Products in Focus**

### 12 MAR

Advanced Platforms, Embedded Test, Designing for the IoT  
Thermal Management, Security

### 26 MAR

Next Generation Comms, Mixed Signal & Analogue, Optoelectronics  
Automotive Electronics, Lighting Technology

### 9 APR

Sensors, Programmable Platforms, Engineering Management  
Consumer Electronics, Distribution

### 23 APR

Digital Design, Micros, Space, Security, Obsolescence, Wearable Technology  
**PCB Design & Manufacturing Live Preview**

### 7 MAY

Power, Operating Systems, System Architectures  
Storage Technology, Rail

### 21 MAY

EDA, Embedded Software Development, Processors, Digital Health  
Displays, Technology Watch

**Products in Focus (PCIM preview)**

### 11 JUN

Microsystems, Board Level Technology, Thermal Management, AR & VR,  
Test and Measurement Special Report

### 25 JUN

Advanced Platforms, Mixed Signal & Analogue, RF & Microwave  
Semiconductor Manufacturing, Aerospace

### 9 JUL

Power, System Test, Enclosures  
Smart Cities, Contract Manufacturing

### 23 JUL

**'The Industry' special**

### 13 AUG

Optoelectronics, Operating Systems, Frequency Management  
**Defence Special Report & DSEI Preview**

### 10 SEP

Industrial Electronics, Digital Design, Micros, Engineering Management, Artificial Intelligence  
IoT Special

**Products in Focus**

### 24 SEP

Next Generation Comms, Embedded Software Development  
Smart Transport, Technology Watch  
**Electronics Design Show 2019 Preview**

### 8 OCT

Directives & Standards, Mixed Signal & Analogue, Interconnect  
Automotive Electronics

### 22 OCT

Microsystems, Embedded Test, Processors, Medical Electronics, AR & VR

**OUTLOOK 2019**

### 12 NOV

Analogue Design, Board Level Technology, Communications Hardware  
Security  
**EDS review**

### 26 NOV

Advanced Platforms, Power, RF & Microwave, Robotics  
Distribution

**Products in Focus**

### 10 DEC

Sensors, Programmable Platforms, Communications Test  
Rail, Technology Watch

## PRODUCTS IN FOCUS

Published four times a year, Products in Focus highlights some of the latest product and component launches
